

Spring Fling Pony Trails

The Indiana region of the Shelby American Automobile Club held its annual Spring Fling car show and Pony Trails on May 19-21. The Pony Trails destination this year was Salem, Indiana, home of Salem Speedway, a paved, high-banked, half-mile oval. After the drivers meeting, 112 cars lined up at the show site in Brown County State Park to receive their maps and knapsacks, provided by Pony Trails sponsor ShowYourAuto.com.

This year's trail had a twist. Drivers were instructed to be on the lookout for clues to questions found on their maps. At Salem, the square around the courthouse was blocked off for Mustang parking, and we were greeted by Salem dignitaries, including Mayor Chasteen and Julie Brock of Washington County Tourism.

After leaving the square, we headed to Salem Speedway. Keeping your car on the high banks took some speed (darn), but it was a real treat to be on a track where so many famous racers, including A.J. Foyt, Bobby Unser, and Tony Stewart, had raced.

The trip home was full of twisties, making for a great warm-up for the 29th annual Spring Fling car show the next day.

The Indiana SAAC holds its Pony Trails, Spring Fling car show, and Sunday road rally each year on the third weekend in May in Brown County State Park, Nashville, Indiana. For more information, contact Joyce Yates at joyates@indiana.edu. —Dan Aiken
